CPU Controlled Power Supply, Lutze Part# 722814

The only DIN rail mountable 100 amp 3-phase input power supply on the market!

Advanced Features:

- Input: AC340....550V 3-phase, DC520....750V
- Output: 24Vdc, 100 amps
- Output power up to 150% over nominal current for 5 seconds (150amps)
- High efficiency: > 92%
- Extremely compact size 9" x 6" x 4" (WxHxD)
- Microcontroller for monitoring
- LCD display (real-time status and alarms)
- Remote Output Current and Voltage Measurement
- Remote Shutdown Feature
- Integrated diodes for paralleling (load sharing)
- Suitable for warehouse and conveyor applications, etc.
- UL 508

Lutze solutions mean improvement and innovation!
