

Implementing  
your ideas with  
**enthusiasm  
in motion**

More than  
**75 years** as  
a leader in  
delivering  
innovative  
automation  
solutions

Lenze is more than a product manufacturer;  
**we are a partner in our customers' success.**

**Regardless of the industry, every automation design presents unique challenges; whether your priority is decentralized flexibility, energy efficiency, simple and expedient configuration, or compact size.**

We partner with you in all phases of your project design, following your goals and requirements. When you design an innovative overall concept, we help you bring it to action. Our experts have been perfecting progress with customers worldwide for over seventy-five years. No matter the challenge, Lenze has the experience to deliver what's next.

#### **We develop innovative solutions**

- Experts who understand your requirements and goals
- Innovative products for energy-efficient solutions
- Reliable drive systems to cater to your application(s)
- Open software standards (EtherCAT, Ethernet/IP, PROFINET, and MQTT)
- Lenze FAST Programming Modules for simplified, efficient, and quick ramp-up times
- Global production capabilities, superior quality standards and logistics to ensure product availability
- Vast service network and range of training courses
