

TYPE 3R Enclosures

Saginaw Control & Engineering's Type 3R Enclosures are designed to house electrical controls, instruments and components.

These enclosures are primarily used in an outdoor environment to protect against rain, sleet and snow, and indoors against dropping water.

Product Attributes:

- Made of heavy gauge galvanized steel for increased corrosion protection.
- ANSI-61 gray powder coated finish.
- Rain cap to prevent direct entry of water.
- Memory retaining oil resistant urethane gasket.
- Any of the standard SCE quarter turn replacement latches and handles can be used.
- Hinged 3R Enclosures incorporate the exclusive SCE concealed hinges.
- UL Listed, CSA Approved.

Product Overview:

- Screw Cover Enclosures
- Hinged Cover Enclosures

Saginaw Control & Engineering, an ISO 9001 Certified Company, has been serving the electrical industry since 1963. We specialize in manufacturing both standard stock and custom designed enclosures as well as precision sheet metal fabrications. Our 255,000 square foot manufacturing and warehouse facility, located in Saginaw, Michigan, uses state of the art fabricating equipment including the newest laser technology. All products are protected with the highest quality paint and powder finishes available in today's market.

In addition to our manufacturing facility and warehouse, SCE has distribution centers in Aurora, Ohio and Kenosha, Wisconsin. Both are 30,000 square feet and are conveniently located to serve enclosure customers throughout the U.S.

To obtain more information about SCE and our products, please visit our Internet site at <http://www.saginawcontrol.com>. This site includes new product information, complete list of stock part numbers, drawings of stock parts for you to download, list prices and other SCE news. Our Installation Instruction Handbook includes drawings and instructions to make installation of your SCE enclosures easier. Please ask one of our sales representatives for a copy or e-mail us at sce@saginawcontrol.com.

SCE supplies top quality products built to accurate dimensions. From concept to completion, the SCE staff will work with you to satisfy your enclosure requirements.

Whether you require a standard stock enclosure or a custom built enclosure, SCE can be *Your Enclosure Source*[®].
